

# 🔥 KEBAB RECIPE 🔥

## 🔥 INGREDIENTS (aka the Drip Components):

- 1 lb ground beef or lamb (Bussin' with that primal NPC flavor 🍖)
- 1 chopped onion (chopped like your Wi-Fi during a Fortnite update 📶💀)
- 2 garlic cloves (so potent it unlocks Riz Level 99 🧄✨)
- 1 tsp cumin (aka flavor **grindset**)
- 1 tsp paprika (for that Skibidi spice 🌶️)
- 1/2 tsp chili powder (warning: may cause Lightskin Stare 🌶️😬)
- Salt & pepper (the OG seasoning duo, no cap)
- Chopped parsley (for ✨aesthetic✨, like adding a filter IRL 🌿)
- Skewers (aka Meat Lightsabers 🔪)
- Optional: Gyatt-enhanced naan, pita, or wrap to cradle your meat like John Pork cradles your soul 🐻🍷

## 🔥 HOW TO COOK THAT OCKY KEBAB 🔥

### 1. MEAT RIZZIFICATION 💪

Slap that ground meat into a bowl like it just got Fanum Tax'd. Add onions, garlic, spices, and parsley. MIX IT LIKE YOU'RE STIRRING CHAOS INTO THE MULTIVERSE. Bonus points if you yell "SKIBIDI BOP" every stir 🦊🔥.

### 2. MOLD THAT DRIP 🤏👤

Grab chunks of the meat like you collecting XP in real life. Mold them onto the skewers. Make 'em THICC, like Grimace after a BBL. If they fall off, you got NPC hands and must restart your side quest 🧑🏻💀.

### 3. GRILL OR PAN-FRY THAT MEATY MADNESS 🔥🔥

Toss those bad boys on the grill or in a pan. Sear 'em till they're giving major **main character arc**. Flip like your mental health during finals week. Cook 8-10 mins until they bussin' and sizzlin' louder than a CapCut transition 🌟🎬.

### 4. ASSEMBLE THE FINAL BOSS WRAP 🛡️👤

Wrap 'em in that naan or pita. Add lettuce, tomato, onions, or drizzle it in some garlicky yogurt like you in the **sauce dimension**. Optional: play the *Phonk beat of Destiny* while assembling for 20% extra flavor boost 🎵🔥

## 💀 FINAL FORM SERVING SUGGESTION 💀

Serve with a side of chaotic energy, a Grimace shake, and maybe call John Pork just to vibe 🦊📞. If you don't take a bite and immediately get teleported to the Backrooms while hearing the Skibidi theme, you ain't do it right.
